

PRENATAL AND POSTPARTUM CARE TEAM

The healthcare providers at Grace Health OB/GYN are excited to care for you during and after your pregnancy. To enhance your care experience, we use a team approach. This means that instead of having a single provider, you may see several of our providers throughout your care. You can see a list of these providers below. You can learn more about them by looking at their profiles on our website at gracehealthmi.org/obgyn.

LABOR & DELIVERY CARE TEAM

The OB/GYN providers at Bronson Healthcare and Grace Health have teamed up to ensure you have an excellent birthing experience at Bronson BirthPlace in Battle Creek. When it is time to have your baby, one or more of the following providers will care for you during your labor and delivery. You may have seen some of these providers at your prenatal appointments. All of them have access to your electronic health record and the information they need to guide you through delivery and give you and your baby the highest level of care.
