At Grace Health, we respect our patients and their personal information. We are committed to protecting the privacy of patient records. We are also required by state and federal laws to maintain the privacy of protected health information.

One of the requirements of the federal Privacy Rules is to provide patients with a Notice of Privacy Practices. This notice tells how we may use your patient information and how it may be disclosed to others. It also explains your rights and some of our legal obligations regarding your health records.

Treatment alternatives: We may tell you about or recommend possible treatment options or alternatives that may be of interest to you.

Fundraising: Some patients may receive letters requesting donations to Grace Health. If you do not want to be on that mailing list, you may contact us by phone or mail.

Emergency situations: In the case of a medical emergency, your information may be disclosed without obtaining a signed authorization to prevent delays in treatment. We may not be able to honor any normal restrictions on use or disclosure if emergency treatment is required. We may notify your family members, caregivers, and/or close friends in case of a medical emergency or if you are incapacitated.
